

Herbicide Application Record

(Use Reverse Side for Comments)

A Record sheet should be filled out for every herbicide application. Fill in as many blanks in the record sheet as possible and return a copy to Natural Resources Department after each application, even if multiple applications are scheduled for the same project, during the same year. * = Required Information

DATE APPLIED* _____ FOREST PRESERVE* _____ SERVICE REQUEST #* _____

SPECIFIC LOCATION (attach map)* _____

APPROXIMATE AREA TREATED _____ LABOR HOURS TO COMPLETE APPLICATION* _____
(acres or show on map)

APPLICATORS* _____

TARGET SPECIES* _____

A. HERBICIDE APPLICATION*

Herbicide name brand _____ Active Ingredient _____

Chemical rate / amount _____ Surfactant name brand/ amount _____

Type of Carrier/Amount water / oil _____ pH balancer name brand/amount _____

Total amount of mixed herbicide used (gallons) _____

Application method(s): Backpack Sprayer and spray nozzle / Backpack sprayer and wick applicator / Boom Sprayer /
Other: _____ Was Dye used? YES NO

B. WEATHER CONDITIONS* Time of Day _____ Temperature range _____

Wind speed and direction _____ Sky: CLEAR CLOUDY OVERCAST

% Humidity _____ Drought? NO MILD SEVERE % chance of rain? _____ (Do not spray if > 60%)

C. GENERAL DESCRIPTION OF THE TARGET SPECIES AT THE TIME OF HERBICIDE APPLICATION *:

Greater than 50% of plants treated were/had: (circle those that apply)

Seedlings Basal rosettes at ground level 3 - 12" tall 13 - 24" tall 24-36" tall > 36" tall

Flower heads (but no flowers) Flowers present Seed present

Scattered individuals Dense clumps mixed with other spp. Dominant cover; near monotype

D. PREVIOUS MANAGEMENT (CIRCLE ALL THAT APPLY):

Area mowed/hand cut in the last 10 days Area mowed in the past 30 days Area herbicided in last 60 days

Area burned in past 12 months Other _____

COMMENTS AND SUGGESTIONS _____
